Year 4 Multiplication Tables Check

The Year 4 multiplication check is not too far away now! The children have been working really hard at school during times tables workshops and they are making good progress. Please support your children at home over the holidays to ensure they keep up their instant recall and improve both the speed and accuracy at which they can recall their times tables.

Year 4 pupils will all be bringing home a booklet with a page to complete each day of the holidays. They will need to bring this back into school after the holidays to receive 10 house points!

Please also check out the maths page of the school website which has been updated with new ideas and resources to support with the practising of times tables at home. These include links to websites as well as printable sheets to complete.
